

Brazos Valley R/C Modelers Air Mail

January, 2013

<http://www.flybvrc.com>

New Member

Charles Coleman has joined our club. He has a nice new electric plane and wants to learn to fly. Be sure to introduce yourself and welcome him. It takes a lot of courage to want to fly and join a group of unknowns.

Participate

Bring a Show & Tell to our upcoming meeting. Recent S&T include:

- Martin England ó Heli-Max AXE 100cp
- Justin Prochaska ó Cold weather mitt for radio
- Gerald Richey ó Armin wing construction
- Terry Hix ó Syma X1 quad copter
- Mark Mcmillan ó Fokker build progress
- David Strawn ó Pro Master airplane

2013 Officers

Terry Hix ó President
Mark McMillan II ó Vice-President
Dan Gray ó Secretary/Treasurer
Justin Prochaska ó Safety Officer

2013 BVRC Events

Mark your calendar and get your planes ready for the following BVRC events:

- April 20 - 3D & Helicopter
- May 4 - Junk Yard
- June 1 - Fun Fly & Swap Meet
- July 27 - Big Bird
- Oct. 12 - Just Plane Fun Fly
- Nov 9 - Toy Fly for Tots
- Night Fly ó Will be combined with other events

Announcements

Gate Codes have been changed. If you have paid your 2013 dues, you should have received an email with the new codes. I not, send Dan an email at BVRC1731@gmail.com.

Field Prep Day, March 9, 8 AM
We need to get the work benches in shape for upcoming events. Bring work gloves and some tools.

Club Meeting Location: The April meeting will be held at the flying field due to the time change. April 1, at 7 PM.

Judges/Help Needed: Bill Killion and David Strawn can use your help with the Science Olympiad Friday May 3rd. Junior and high school students build rubber powered aircraft and fly them. Contact Bill at billk@fbccollegestation.com.

U-Control Plans: A set of nice old time u-control plans were donated at our last meeting. Contact Mark McMillan at mark2@genemco.com for details. Cost of duplication will be required. I have a copy of Don Stills 1957 Stuka, if interested, Dan at bvrc1731@gmail.com.

2013 AMA Safety Code

The AMA safety code has not been changed for 2013. Be sure to review the safety code and BVRC safety rules for every ones safety.
